MAHALO TO:

Education Bridge

470 Registered Opportunity Providers
3,400 Educators Live from 158 schools

Educator Challenges:

- Desire for more experiential learning but setting up experiences are time consuming, and businesses don't reply.
- Lack of learning opportunities for Educators teaching career pathways

Business Challenges:

- Interest in working with schools but connecting with the right teachers is time consuming and many times unsuccessful
- Opportunities are available, but it's difficult to reach high school and college students, and they are an important target market

State and County Goals:

- Social Capital
- Equitable Access
- Economic Self-Sufficiency
