HTA Release (17-06)

Visitor Spending Increased 10.1 Percent to \$1.6 Billion in January 2017 Visitor Arrivals Grew by 4.9 Percent

HONOLULU – Visitors to the Hawaiian Islands in January 2017 spent a total of \$1.6 billion, which was an increase of 10.1 percent compared to January 2016, according to preliminary statistics released today by the Hawaii Tourism Authority (HTA).

Total visitor arrivals to Hawai'i rose 4.9 percent to 756,313 visitors in January 2017, with total visitor days¹ also increasing by 3.9 percent year-over-year versus January 2016.

Visitor spending increased from U.S. West (+19.8% to \$544 million), U.S. East (+6.7% to \$433.1 million) and Japan (+26.5% to \$200.4 million), while spending by visitors from All Other International Markets (-4.3% to \$265.7 million) and Canada (-0.6% to \$158.4 million) decreased compared to January 2016.

Statewide average daily spending was higher (+6% to \$208 per person) in January 2017 than January 2016. Visitors spent more per day from U.S. West (+15.2% to \$198 per person), Japan (+14.6% to \$273 per person), Canada (+2.8% to \$172 per person) and U.S. East (+2.6% to \$207 per person), while visitors from All Other International Markets spent less (-7.3% to \$232 per person).

A total of 738,883 visitors (+4.1%) arrived in Hawai'i by air in January 2017, while 17,430 visitors (+58.3%) came aboard cruise ships. Arrivals by air increased from U.S. West (+4.5% to 266,780), U.S. East (+6.3% to 172,680), Japan (+6.9% to 123,390) and Canada (+2% to 65,048), while arrivals decreased from All Other International Markets (-1.9% to 110,986).

All of the Hawaiian Islands saw growth in visitor arrivals compared to January 2016. Visitor spending increased on Oʻahu, Kauaʻi, Molokaʻi, Lānaʻi, and the island of Hawaiʻi, but decreased on Maui.

The total number of air seats serving Hawai'i (+0.2% to 1,024,115) in January 2017 was similar to January 2016. Growth in scheduled seats from U.S. East (+13.4%), Other Asia (+8.7%) and Japan (+8.2%) was partially offset by fewer seats from Oceania (-9.7%), U.S. West (-3.3%) and Canada (-2.7%).

Other Highlights:

U.S. West: Arrivals from the Mountain (+7.5%) and Pacific (+2.2%) regions increased compared to January 2016, with more visitors from Utah (+13.1%), Colorado (+11.4%), Oregon (+11.4%), Arizona (+7.9%), Washington (+2.8%) and California (+1.6%).

U.S. East: Growth in visitor arrivals from the Mid Atlantic (+12.6%), New England (+10.1%), South Atlantic (+5.9%), West North Central (+3.6%) and East North Central (+1.5%) regions offset fewer visitors from the East South Central region (-2.3%).

¹ Aggregate number of days stayed by all visitors.

- **MCI:** The number of visitors who came for meetings, conventions and incentives (MCI) increased (+4.4% to 60,572) in January 2017, driven by strong growth in convention visitors (+17.4% to 40,609). Contributing to this increase was the Society of Critical Care Medicine 46th Congress, which was held at the Hawai'i Convention Center and attracted 5,200 out-of-state delegates.
- Accommodations: There was moderate growth in hotel usage by visitors from U.S. West (+2.9%) and U.S. East (+6.2%), while stays in rental homes (U.S. West +21.1%, U.S. East +19.7%) rose substantially compared to January 2016. For visitors from Japan, growth in hotel stays (+2.7%) was also modest, while considerably more visitors stayed in condominiums (+39.1%) and timeshare properties (+19.6%) compared to a year ago.

Highlights from All Other Markets:

In January 2017, spending by visitors from All Other International Markets decreased (-4.3% to \$265.7 million), as a result of fewer arrivals (-1.9% to 110,986 visitors) and lower average daily spending (-7.3% to \$232 per person).

- Oceania: Visitor arrivals dropped slightly (-0.7%) in January 2017. Growth in arrivals from New Zealand (+10.5% to 3,946) was offset by fewer visitors from Australia (-2.1% to 27,821).
- Other Asia: Visitor arrivals were up 4.6 percent in January 2017 compared to January 2016, with strong increases from China (+9.7% to 14,715) and Taiwan (+32.6% to 2,000). A higher number of available air seats and the Lunar New Year Holiday taking place in January 2017 contributed to the growth in visitors from these markets. Visitor arrivals from Korea (+0.5% to 24,340) were similar to last year.
- **Europe:** Combined visitor arrivals from Europe (United Kingdom, France, Germany, Italy and Switzerland) decreased (-1.8% to 7,833) in January 2017 compared to year ago.
- Latin America: Visitor arrivals from Mexico, Brazil and Argentina declined in January 2017 (-4.5% to 2,692).

Island Highlights:

- **O'ahu:** Visitor arrivals (+3.3%) and visitor days (+3.9%) increased in January 2017 compared to January 2016. Higher daily visitor spending (+8.5% to \$204 per person) also contributed to the growth in visitor spending (+12.7% to \$676.7 million). There were more visitors from Canada (+11.4%), Japan (+6%), U.S. East (+4.2%), and U.S. West (+2.7%).
- Maui: Visitor arrivals increased (+1.5%) in January 2017 year-over-year, but a shorter length of stay resulted in no growth in visitor days (+0.3%). Visitors spent less on a daily basis (-3.7% to \$226 per person), resulting in a decline in visitor spending (-3.4% to \$462.3 million). Increased arrivals from U.S. East (+4%) and U.S. West (+1.8%) offset declines from Canada (-5.6%) and Japan (-2.9%).
- Island of Hawai'i: Growth in visitor arrivals (+11.1%) and visitor days (+7.7%), combined with higher daily spending (+12.1% to \$195 per person) contributed to a substantial increase in visitor spending (+20.7% to \$262.4 million) in January 2017. Arrivals from Japan rose significantly (+30.6%) in addition to increases from Canada (+13.1%), U.S. West (+9.8%) and U.S. East (+4.9%).
- **Kaua'i:** Increases in visitor arrivals (+4.4%), visitor days (+3.6%) and much higher daily spending (+17.6% to \$211 per person) led to a considerable gain in visitor spending (+21.8% to \$186.5 million) in January 2017 compared to a year ago. The number of visitors from Japan increased

substantially (+26.6% to 2,558). There were also more visitors from U.S. West (+5.9%), U.S. East (+4.8%) and Canada (+2.3%).

Air Seats to Hawai'i:

- Total air seat capacity (+0.2% to 1,024,115) to Hawai'i in January 2017 was similar to a year ago. Scheduled seats were virtually unchanged (1,016,406), while charter seats increased (+30.6% to 7,709). There were more seats to Hilo (+16.2%), Kona (+7.5%) and Kahului (+0.6%), but fewer seats to Līhu'e (-5.5%). Total air seats to Honolulu (-0.3%) were flat.
- The number of scheduled seats from U.S. West declined (-3.3%) in January 2017 versus last year. The decrease in seats from Los Angeles (-2.2%), Oakland (-5.9%), Phoenix (-4.5%), Portland (-5.2%), San Francisco (-6%), San Jose (-12.8%), Seattle (-4%), and a shift to seasonal-only service from Bellingham (-35%) was partially offset by the increase in seats from Denver (+47.7%) and Salt Lake City (+12.3%).
- Scheduled seats increased from U.S. East (+13.4%) in January 2017 compared to the year prior.
 More seats from Chicago (+14.8%), Dallas (+23.1%), Minneapolis (+25%) and New York City's
 John F. Kennedy International Airport (+31.9%) offset decreases from Newark (-7.5%) and
 Washington D.C. (-22.2%).
- Scheduled seats rose from Japan (+8.2%) in January 2017 versus January 2016. In addition to
 more seats from Narita (+12.2%), seats from Haneda climbed (+27.5%), with increased service
 to Honolulu and the launch of non-stop service to Kona in December 2016. These increases
 entirely offset fewer seats from Nagoya (-18.7%) and Osaka (-2.6%).
- Scheduled seats from Canada declined (-2.7%) in January 2017 compared to a year ago. Seats from Vancouver increased (+2.2%), but there were fewer seats from Toronto (-44.4%), Edmonton (-27.5%) and Calgary (-1.8%), and service was discontinued from Victoria.
- Scheduled seats from Oceania decreased (-9.7%) in January 2017 year-over-year, due to reduced service from Brisbane (-52.4%). Partially offsetting this decline was a growth in seats from Auckland (+5%).
- Air capacity from Other Asia markets rose (+8.7%) in January 2017 versus January 2016. Seats increased from Shanghai (+32.7%), Beijing (+21.5%) and Taipei (+12%) as well as from Seoul (+1.8%).

Cruise Ship Visitors:

- In January 2017, twelve out-of-state cruise ships brought 17,430 visitors to Hawai'i compared to six ships that carried 11,012 visitors in January 2016. Total cruise visitors (arrivals by cruise ships and by air to board the Hawai'i home-ported cruise ship) increased (+18.9% to 26,581) compared to January 2016.
- Over half of the cruise visitors in January 2017 were repeat visitors (57.2%) to the Hawaiian Islands. Most visitors (85.6%) came for a leisure trip, while 10 percent visited friends and relatives during their cruise, and 2.2 percent were on their honeymoon.
