Vision Insights Syndicated Survey

- DBEDT subscribes to Vision Insight’s Responsible Travelers Segment databases for O‘ahu, Maui, Kaua‘i and Hawai‘i Island.

- Consumers are surveyed each day

- DBEDT receives access to new data each week for daily responsible traveler metrics – media-focused, brand health, purchase/intent, and consumer status

- Responsible Traveler Segment
  - Respondents who self-identify as responsible travelers (i.e., wellness focused, environmental impact, culturally minded)
Vision Insights Metrics

• **Chatter (Net):** Net percentage of people who heard something positive about a destination and people who heard something negative about a destination in the last 2 weeks

• **Personal Discussion:** Percentage of people who have discussed the destination with friends and family in the past two weeks

• **Recommendation:** Percentage of people who are very likely to recommend the destination to a family, friend, or colleague

• **Consideration:** Percentage of people who are “ Likely” to “Very Likely to Consider” a destination for their next vacation (Top 3 box of 8-point scale)

• **Favorability:** Percentage of people who rated a destination as “Favorable” or “Very Favorable” (Top 2 box of a 5-point scale)
Destinations

- Respondents are asked about:
  - O‘ahu
  - Maui
  - Kaua‘i
  - Hawai‘i Island

- Selecting a Hawaiian island indicates respondents’ chatter/personal discussion/recommendation/consideration/favorability for that specific Hawaiian island’s brand (the concept of a beautiful place called “Hawai‘i”) and lack of familiarity with individual islands
