The board folder was previously distributed to the board members. The CEO Report was presented to the Board for discussion and provided information related to the HTA’s implementation of the State Tourism Strategic Plan initiatives as of June 2014, including the Marketing Reports from the marketing contractors in each MMA; the HTA staff report on implementing the Legislative Auditor’s findings and recommendations; and, contracts executed by the HTA.
6. Review of Recent and Upcoming Permitted Interactions

There was no report of any interaction by board members to discuss board matters not at a duly noticed board meeting.

Mr. McCartney reported that due to an unanticipated absence by a board member being ill and the need of another board member to leave early due to a prior commitment, the Board would need to defer discussion on various agenda items to the next board meeting.

Mr. Uchiyama also presented the following targets for calendar year 2015, as of August 2014:

- Length of Stay: 9.15 days
- Per Person Per Day Spend: $196.47
- Total Expenditures: $15,114.2 billion

Mr. Uchiyama offered the following explanation for the targets: U.S. West target reflects more flights from Hawaiian Airlines; U.S. East will be flat; Japan will maintain its current pace; Canada will be flat; China will not be as aggressive as we had hoped because we are not receiving the growth from Hawaiian Air flights; Korea’s growth will be in anticipation of new carriers entering the market; Taiwan will reflect Hawaiian Air pulling out but with the hope that China Air will put more flights into service; Australia’s tremendous growth in the past will not be trending into 2015 and will be flat; we are pulling back on our high hopes for Latin America; and, other markets will be flat but will be working on developing the Hong Kong and South East Asia markets.

Mr. Uchiyama noted that the targets would be re-evaluated as we get more information at the end of the year. Based upon additional and more current data, the targets may be readjusted in March 2015. Mr. McCartney had previously noted that the Board can change the targets on an “as needed basis” and that these targets are being used to “push” the marketing contractors in each major market area.

In response to a question from Mr. Salā, Mr. Uchiyama stated that total expenditures would increase by 2.8% over 2014. Mr. Fried initiated a discussion on a Pacific Business News article in which Paul Brewbaker discussed the decline in tourism and the lack of business at the Hawaii Convention Center as one of the challenges for Hawaii’s economy. Mr. Uchiyama noted various “inconsistencies” within Mr. Brewbaker’s discussion. Initially, Mr. Uchiyama noted that tourism have allowed “connectivity” to other industries and businesses, such as the airlines and transportation, that have been allowed to grow. As a result, Hawaii’s “GDP” has grown significantly despite any drop in tourism. Additionally, Mr. Brewbaker refers to a drop in hotel room units but does not recognize that total visitor accommodations have increased due to the increase in time-share and other types of accommodations being available for visitors.

Mr. Nakamura made a motion to approve the targets as presented by Mr. Uchiyama. Ms. Stone seconded the motion, which was unanimously approved by all the board members present.

At this time, Mr. McCartney provided a discussion as part of his CEO report.

Mr. McCartney expressed his appreciation for the support provided by various tourism industry partners during Hurricane/Tropical Storm Iselle. He especially noted the support by
HVCB, Hawaii Convention Center/AEG, and the Waikiki Improvement Association (Rick Egged). The preparation for Iselle allowed the visitor industry to get better in response to a natural disaster and he had nothing negative to report. In regards to the Turtle Bay Conservation Easement acquisition, HTA has hired attorney Leighton Yuen to conduct a due diligence on the purchase of the easement. Finally, Mr. McCartney reported that HTA had executed a contract for the development of a concept on the establishment of a Hawaiian Music & Dance Museum at the convention center.

11. **Adjournment.** The meeting was adjourned by consensus at 10:05 a.m.
