Hawai'i Passenger Arrivals By Air

HONOLULU – Yesterday, 773 people arrived in Hawai'i including 216 visitors and 286 residents. During this same time last year, nearly 30,000 passengers arrived in Hawai'i daily, including residents and visitors. The state's mandatory 14-day self-quarantine started on March 26th for all passengers arriving in Hawai'i from out of state. The quarantine order was expanded on April 1st to include interisland travelers. This table shows the number of people who arrived by air from out of state yesterday and does not include interisland travel.

SUMMARY: From March 26th through April 30th, 23,302 passengers arrived in Hawai'i by air including 4508 visitors and 8224 residents. This accounts for changes to the initial daily passenger count based on follow-up calls to the quarantined visitors, some of whom turned out to be intended residents instead of visitors. This table below shows the number of people who arrived by air from out of state from March 26th through April 30th and does not include interisland travel.
