OUR APPROACH

A LONGSTANDING COMMITMENT

Since our founding over 90 years ago, health and safety have been at the heart of Marriott's approach to hospitality. This commitment to our guests and associates continues to anchor us and it informs our decisions as we adapt to new challenges presented by COVID-19.

We understand that people are thinking about travel differently now. We are too. That's why we have elevated our exacting standards and rigorous protocols to create

hospitality norms and behaviors to address the unique challenges presented by the current pandemic environment.

Because nothing is more important than the trust of our guests and associates, our Executive Chairman JW Marriott, JR. wanted to give you his word on our new processes.

A SHARED RESPONSIBILITY

Through the decades, we have come together as partners. Never has that been more important than now. Responding effectively to this new environment is a shared responsibility. We are laser-focused on providing our teams with the tools, training and resources that are necessary in this environment.

Likewise, travelers must also take steps to protect everyone's health: to avoid traveling if not well, practice good hand hygiene, and physical distancing in high-traffic areas throughout the hotel.

We believe success is never final, but it begins with listening. Please let us know if there is anything we could be doing differently or better. We always welcome guest feedback on the Marriott Bonvoy™ app, and we are grateful when our business partners share ideas or concerns directly with us.

You can count on us, and we know we can count on you.

WE'RE IN THIS TOGETHER.

GLOBAL GUIDANCE, LOCAL EXECUTION

We believe that travel and tourism is a celebration of diversity that connects cultures. Globally, we fly many flags over hotels in more than 130 countries and territories. It has never been more important for us to align with local authorities to fulfill the expectations of us in the communities of which we are a part.

Our new protocols work for all 30 brands. While elements of these new practices may vary based on differing geographies, travelers should know that our hotels will continue to follow local government and public health guidelines and operate with health and safety top of mind.

OUR COMMITMENT

We believe that travel connects us to each other, widens our perspective, enriches us and inspires us. We will travel again soon. And, when you are ready to:

we'll be ready to welcome you.

This 'new normal' may evolve and change over time to reflect government guidance and new societal expectations. What will never change, though, is our commitment to keeping hotel associates, guests and customers safe. This is our utmost priority.

We recently launched our Global Cleanliness Council, including experts from the field of medicine and public health to supplement our reputation of cleanliness and hospitality we've built throughout our history. Additionally, we've developed 200+ cleaning protocols throughout each step of our guests' journey and every physical space in the hotel. We are deploying scientifically supported practices and innovations, with focus on these specific details:

✓ DEEPER, MORE FREQUENT CLEANING

- ▶ Enhancing cleaning protocols to **disinfect every space**, ongoing and especially during peak usage
- ▶ Consistently and **frequently disinfecting** all **high-touch items** like elevator buttons and escalator handrails
- ▶ Hand **sanitation stations** added throughout the hotel, especially in high-traffic areas

✓ YOUR SANCTUARY

- ▶ **Deep cleaning** each guest room between stays
- ▶ Removing nonessential high-touch items that can't be disinfected, and providing **surface disinfecting wipes** in every guest room
- ▶ Limit in-stay housekeeping frequency to **reduce contact** during each stay

✓ LESS CONTACT, MORE CONNECTION

- ▶ Using **mobile technology**: Mobile Key, Mobile Dining, eFolio delivery and Mobile Requests via the Marriott Bonvoy™ app
- ▶ Enabling social and **physical distancing** practices: reducing allowable capacities in spaces, increasing distance between furniture, and managing queueing areas
- ▶ Supporting hybrid meetings via **live-streaming capabilities**

✓ NOURISHING THE 'NEW NORMAL'

- ▶ Replacing self-service buffets with a variety of **'grab and go'** contactless food + beverage options
- ▶ **Redesigning food + beverage** station set-ups to include protective barriers; removing non-essential items
- ▶ **Tailoring options** for groups and enabling reserved spaces
