Oahu Kapolei

E Komo Mai – Welcome To Our Home

Aloha,

We are excited to welcome you back to our Island Oasis here in West Oahu and are ready to provide you with a safe and memorable stay.

COVID-19 Health & Safety Plan

As we welcome you to Embassy Suites by Hilton Kapolei, you may have questions about the health and safety standards we have in place for your upcoming stay. As operational environments and state regulations change, we will update this page accordingly.

Our [COVID-19 Health and Safety Plan \(Safe Stay Hawaii\)](#) will provide you with the health and safety standards implemented by Hawaii's Tourism Industry. These standards provide guests, customers, employees, contractors, vendors and other persons who enter hotel premises in Hawaii with expectations in terms of service, accommodations and required safety protocols.

In addition, Embassy Suites Kapolei has implemented [Hilton CleanStay](#) with Lysol protection to deliver an industry-defining standard of cleanliness and disinfection in Hilton properties across the world. Our elevated processes and Team Member training have been developed with RB, maker of Lysol and Dettol, to help guests enjoy an even cleaner and safer stay from check-in to check-out.

Safe Travels Hawaii Program

Aloha! The State of Hawaii Safe Travels Hawaii program is designed to prevent the spread of COVID-19 in our community from trans-Pacific passengers arriving at airports/ports across the Islands.

The program includes the required online State of Hawaii Travel and Health Form, temperature screening at all Hawaii airports upon arrival, and the mandatory 10-day quarantine with the possibility of a vaccination exception, or a negative pre-travel test to bypass quarantine.

Travelers not participating in Safe Travels MUST quarantine for 10 days or the length of their stay, whichever is shorter.
